DANNY MURPHY LAID UP.
He Will Remain with Tip Toss—Will Come Home Here in Few Days.

Major of Brooklyn Federal put the kibosh on a rumor to the effect that Danny Murphy will be sent to the Colonial League. Danny is suffering from a wrenched knee, and was last week given permission to visit his home here to rest up. "Why there's seven other clubs in the Federal League that want Murphy," said the manager, "and if I wished to trade him I could get more valuable material than the Colonial League could furnish. There's no truth to the story, and Murphy will remain right here with me."

Baseball Activities in Moosup.
The Moosup Grays go to North Grovesdale today where they will play the opening game of the series. Sunday North Grovesdale plays at Moosup.

Saturday, June 19th, the Nationals go to Moosup and Manager Hughes had better bring a good team as Manager Amidon says his players show no mercy.

PROSPECTS BRIGHT FOR NEW LEAGUE

Manager Holland of Sachems Has Had Interviews During Past Week With Managers of Proposed Teams—Sachems Play at Danielson Today.

According to Manager John A. Holland of the Sachems, the new project, Eastern Connecticut Baseball League, coming into being, has more bright prospects and without doubt will go through.

There is no question but what a league will benefit this city in many respects as teams playing independent ball cannot guarantee to the fans what kind of teams they will stage while on the other hand the fans can judge for themselves.

Manager Holland recently had private interviews with Managers Amidon of Moosup, Labeled of Danielson, Devine of Putnam, Benoit of Taftville, Finn of New London and they all seemed enthused over the prospect of organizing the new Eastern Connecticut League. Manager Holland says he has no objection to the new league being organized and that it would be a benefit to the city.

In case the league does not go through Manager Amidon of Moosup is willing to play the Sachems a five game series.

Manager Holland will also book several other strong attractions providing the new league does not organize. The Sachems, Moosup, New London and Willimantic have Sunday grounds and can play Sunday ball and these clubs can play away from home on Sunday with certainty.

Yale Has Light Work.

Gales Ferry, Conn., June 11.—Rough water on the Thames caused Coach of the Yale crew to postpone practice of the Yale crews today. The varsity and freshman eight rowed upstream a mile and then rowed back at a high stroke. The varsity shell lost three of its washboards.

Examinations for the Sheffield Scientific school of Yale were completed today and the academic examinations will be finished next week.

FINANCIAL AND COMMERCIAL

STOCK MARKET WAS BRISK.

Buoyed Up by Washington's Latest Communication to Berlin.

New York, June 11.—Stocks rose vigorously today on the largest and broadest demand witnessed since Friday, when the market became buoyant on the decision in favor of the United States Steel Corporation. The financial community was plainly disposed to draw the most favorable inferences from Washington's latest communication to Berlin, its tone being considered as conciliatory and decidedly at variance with unofficial forecasts.

The rise began at the opening but was largely obliterated on heavy realizing for profits. In the early afternoon a fresh advance was made, movement lifted the market to higher prices, coppers and a few more volatile specialties leading. Federal military contracts were reported to amount to almost ten points, while American Smelting gained five. War shares lost some of their recent prominence in point of activity, but recorded advances of 2 to 5 points. Bethlehem Steel attained the new record of 169 1/2. Motors and Petroleum shares advanced to a considerable extent. United States Steel led all issues in volume of dealings, contributing twenty per cent to the whole. All divisions of the railway list moved forward, the strongest feature being Reading and Baltimore and Ohio, with advances of three points or better. Demand for these issues emanated from the most substantial interests and suggested investment inquiry. Final prices were fractionally under the best, but the closing was active and strong. Total sales amounted to \$82,000 shares.

Rates of exchange were easier, though in no case falling to recent low quotations. There was a striking exception, however, in remittances to northern Europe, namely Norway, Sweden and Denmark, which rose, these centers being on a parity with established rates.

This was ascribed to purchases of bills in return for sales of American securities here by German interests. Canada sent another \$50,000,000 gold to this market and an additional importation of \$500,000 from Japan was announced.

Bonds were strong with general gains in the copper convertibles. Total sales, par value, amounted to \$2,670,000.

United States bonds were unchanged on call.

proved to be strong opponents for the Boston pair and had Mrs. Chapman been more consistent in her play the match might have resulted in a victory for the New Yorkers. The New York women fought hard throughout and even with the score 5 to 0 against them in the second set made a desperate rally and won two games in the third set.

The game had a spectacular finish, when Morton tripled with one out, but was doubled on High's fine throw to the plate after catching Daly's fly. The score:

very marked and excellent effect on the crew. As is only right, he does not mince matters with them but tells them in quite plain Anglo-Saxon exactly what he thinks of them. He is at times sarcastic, without being discourteous, and morally, he is worth a length or more to any crew he steers on every mile they go. He weighs 120 pounds. The varsity will take good care that he does not double his weight, but even if he did, he would still remain coxswain of the Yale crew.

"Without an absolutely calm day in a month of rowing, it is impossible to get green and raw freshmen through their paces and find out anything of their capabilities as oarsmen. Several freshmen shells, which have been very hard to fix. As boys of that age row so unevenly, never two days alike; never two consecutive minutes the same, just as one is beginning to give up all hopes of an individual, he suddenly and quite unexpectedly bucks up and rows excellent form and then as suddenly lets you down again by a terrible exhibition of fifth-rate oarsmanship.

As far as the varsity, which is hoisted as it has been since March 20, is concerned, I don't think it will ever be a finished or polished looking crew. They have plenty of power, life and courage. I shall get their blades and work together better than they are at present, but I fear, owing to idiosyncrasies of build, their bodies will never be quite together and slight breaks and gaps are bound to appear. They have been scolded in an old discarded shell in which it has been impossible to fit them comfortably. The trims heart out of them, although the actual number of miles rowed have been nothing what it was at this time last year, when we had already accomplished four four-mile courses against the one full-trail course of this year. TWO TEAMS READY TO HEAR "PLAY BALL!"
Business and Professional Men Line Up for Playgrounds Association.

If today is all right, the ball game this afternoon will be all right. The business men and the professional men have the players, and a gentleman named Johnson, over in Middlesex county, has the weather. He has promised not to show a mean disposition, at least in this part of Connecticut, today.

Both teams are about ready. Some of the "boys" have actually practiced on the slay for the great Playgrounds association game, to start at quarters today.

NAPOLEON HIS TOMB & NAPOLEON LEAVING FRANCE

The memorable battle of Waterloo was fought June 18, 1815, a few miles south of Brussels. It was at this battle that Napoleon, the man who sought to conquer the world, met his disastrous defeat. With the great conflict now raging in Europe more than ordinary interest attaches to the centenary of this event. It will be recalled that it was the sensational stand of the Duke of Wellington's men that won the day and settled for all time the ambitions of the man who sought to control the world's destinies, and the accompanying illustration are shown Napoleon, the tomb of Napoleon in the Madeleine chapel in the Hotel des Invalides, in Paris, and Napoleon as he sailed away from France.
